

# Capability Statement

CryptoLiveLeak, Inc. | Quincy, Massachusetts, USA | Established: July 2, 2018

## Company Overview

CryptoLiveLeak, Inc. is a U.S.-based small business providing secure, scalable software development, IT systems, and digital infrastructure solutions for federal agencies and enterprise organizations.

We specialize in custom application development, systems integration, and high-performance web platforms designed to support mission-critical operations, digital transformation initiatives, and public-facing services. Our solutions prioritize security, accessibility, performance, and scalability to meet modern federal and enterprise requirements.

Our experience includes deploying and supporting large-scale digital platforms serving over 457,000 users and generating millions of monthly interactions, delivering measurable performance, operational efficiency, and user engagement.

---

## Core Competencies
